

## Annual Bird Feeder Count Chenequa

The Village of Chenequa was one of the first communities in the state to be designated as a **Bird City of Wisconsin**.

We are asking interested Chenequa residents to participate in a bird feeder count. Birders may be aware of the annual Audubon Christmas Count. Although this year the data will be for local use only we plan to coordinate this count with that of the Audubon in the future.

Bird counts such as this are used as an indicator for changing bird populations.

### How to participate:

1. Record the number of bird species and their number while watching birds from a window or enjoying a walking on December 29<sup>th</sup>, 2014.
2. Report your data to Jeff Kante (Chenequa Village Forester) at [jkante@chenequa.org](mailto:jkante@chenequa.org).

Thank you for showing you care about birds and nature around us!
